ALUMNI ASSOCIATION EXECUTIVE COMMITTEE

CIRCULAR

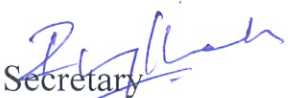

AGENDA:Creating funds from the alumni association for the meritorious students.

Respected alumni members we would like to bring to your kind notice that we are planning to create a fund which would be utilized for honouring the students who excelled in the field of academics and sports annually, as this could encourage each of our students to give their best always.

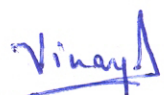

It would be great help if each one of us do a bit to create this fund by contributing as generously as you can. Looking forward to a very positive response from all our members.

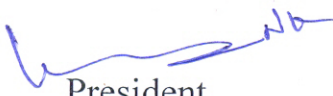

Thanking you in anticipation.
