Title of the Practice: Additional professional strengthening of the faculty

Objectives of the Practice: The objective of this practice is to help the faculty progress beyond their routine area of work and gain expertise in specialised areas that will not only enrich them but all the other stake holders as well. In addition, the institution would be benefitted by their wealth of experience and knowledge.

The Context: The IQAC of our institution and faculty contemplated during their meetings to move beyond the basic prescribed qualifications of the faculty recommended by the Dental Council of India (DCI) and ensure that they add to their existing qualifications in areas of their interest. The Management assured that they would extend full support and co-operation in this regard.

The Practice: It was left to the faculty's judgement to choose their area of interest and add additional qualifications to what they already possessed. They were to receive complete support and cooperation at both the departmental and institutional level. A large number of our faculty took up this challenge and have expanded their credentials in varied fields. This has ensured that the institution has an invaluable and diverse array of academicians which will definitely be of immense benefit to all the stake holders.

Evidence of Success: Our institution presently boasts of having the best faculty comparable with any institution in the country. Several of our faculty have acquired additional academic degrees/diplomas/fellowships. This in turn has translated into better exposure and skills in our students who are the main beneficiaries. They have gained hugely from this academic wealth and experience which has translated into better graduates leaving the institution (*Refer Annexure i*).

Problems encountered and resources required: Although they were minor issues with regards to the staff's departmental duties when they were unavailable during their academic pursuit, it was easily overcome by the good coordination existing among our staff.

ADDITIONAL QUALIFICATIONS OF RRDCH FACULTY

- FWFO: Fellow of World Federation of Orthodontics
- MFDS RCPS: Member of Faculty of Dental Surgery Royal College of Physicians and Surgeons
- PGDMLE: Post Graduate Diploma in Medical Law and Ethics
- PhD: Doctor of Philosophy

Title of the Practice: Sports achievements

Objectives of the Practice: The institution attaches a lot of importance to sports in addition to academics. Sports not only contribute to an individual's well being, it also helps in the development of one's social and communication skills while igniting the spirit of competition among students.

The Context: A Sports Committee has been constituted under the aegis of IQAC, RRDCH. The committee has been tasked with identifying budding sportsmen/sportswomen and the management ensures that they provide support by allowing them to participate in various inter and intra-collegiate tournaments. The institution has also employed a Physical Education Director who can guide and train the students.

The Practice: Our Management has been very supportive and always encouraged sports. The Chairman's Cup is an annual event that is organised by the Management to commemorate our Chairman's birthday. Cricket, Football, Throwball and Volleyball events are conducted among the various colleges of the Rajarajeswari Group of Institutions (RRGI) with the winners and runners-up receiving their awards on Founder's Day. The Management also encourages both the students and staff to actively take part in various inter-collegiate and university level sporting events. This has fostered a rich sporting culture in our institution.

Evidence of Success: Our students and staff have brought numerous laurels to the institution at various intra- and inter-collegiate events.

Problems encountered and resources required: The students who were participating in sporting activities were initially apprehensive to miss lectures and clinics. However, the staff of the institution encouraged them and made sure they made up the deficit once they got back after the events.
